
Doggles or Dog Goggles

Posted by rayter - 2007/11/28 10:15

"Doggles" or Dog Goggles are protective eyewear particularly made for dogs. Doggles are not like the common sunglasses for dogs because it actually protects dog's eyes from wind, Ultra Violet (UV) light and other foreign objects that may cause irritation to dog's eye especially during an outdoor activity.

For those who are looking for stylish yet affordable doggles or dog goggles, visit: Doggles-4Less.com!

Thanks. ;)
